- Thank you card from hockey team.
- Middle school scoreboard panel should arrive soon and be installed.
- Requests:
  1. Coach Sabol - \$2685 for the Cross country team to travel to regional meet (denied by Mark because outside of Ohio and outside of season). Richard Cohen, parent of Cross Country team explained that 7 boys went to the Nike Midwest Championship meet at Terra Haute, IN. Requesting money for food, lodging and transportation. They raised the money through various fundraisers. After much discussion, it was moved that we not pay the fees because they had already been paid but that we would continue the discussion about how to support individuals or teams who qualify or win state meets and are asked to compete at the regional or national level. Motion approved.
  2. Revisit motion from July when AJ Short asked for non-skid balance pads (11) and trap bar (1) \$2321. When there was the logo error on the plio boxes we were going to use the \$310 credit for the balance pads. But found them for less cost elsewhere, so we will save the credit and then pay 75% of cost and Mark will pay 25% of cost. Approved.
